Train Order Number: 29

To Engineer: Alastair at Main Yard

Operate Engine 9801 in Main Yard (milepost 17.0)

Pick up boxcar CP 221934 from track 9
Pick up two railbox cars of general goods from track 8
Pick up ten empty container cars from track 12

Operate Extra 9801 West to Caldwell

At Garfield, MP18.0, set out boxcar CP 221934 at Garfield Freight Platform

At Stockman Grain Elevator, MP25.8, pick up five loaded Cargill hopper cars

At Caldwell, MP27.3:

Fill the ten container cars with 20ft loads at Caldwell Container Station
Pick up two American Refrigeration reefers at Caldwell Food Distribution
Set out the two railbox cars of general goods at Despey Radar Systems
Pick up ten empty GATX tank cars at LLJ Petroleum

Operate Extra 9801 to Westfield via Westfield Portal WB (MP34.3)

Special instructions:

You must be clear of westbound mainline for Amtrak train 28, scheduled to arrive Caldwell at 1842. Do not proceed west from Caldwell until train 28 has passed.

You are responsible for switching all junctions. Restore all changed mainline turnouts after use.

At the container station, you must bring each car to a complete stop under the crane for correct loading.

Made Complete

Time: 1730
